

Meet The Kenyan IMPOSTORS

They are all foreign-born. They all possess FAKE Kenyan Birth Certificates. They are the Kenyan IMPOSTORS.

They include:

1. Rahamim Caveda alias **Farouk Kibet** – a top aide to the Deputy President of Kenya, William Ruto;

2. Narok Senator Solomon Sidisto alias **Ledama Olekina**;

3. Nyali MP Yehuda Yacob alias **Mohammed Ali** (Moha JichoPevu);

4. Former Chairman of the Law Society of Kenya, LSK, Berhanu Sabahat alias **Ahmednasir Abdullahi** (ahmednasirlaw);

5. Current Chairman of the Law Society of Kenya, LSK, Yehiel Melaku alias **Nelson Havi**;

6. Mombasa Governor Neggousa Bogale alias **Hassan Ali Joho**;

7. Lamu Senator Desta Pakada alias **Anwar Loiptip**;

8. Jubilee Party Nominated Senator **Isaac Mwaure**;

9. Nyandarua Woman Representative **Faith Gitau**;

10. Garissa Woman Representative **Gure Anab Mohamed**;

11. Former President University of Nairobi Students' Union, UNSA (2019 – 2020), Prina Salmasa alias **Ann Mwangi Mvurya**;

12. Musician **Samidoh** (Samuel Muchoki Ndirangu);

13. Nairobi County nominated MCA **Anne Thumbi**.

Some powerful non-African entities realised long ago that the easiest way to conquer a country, is to first send IMPOSTERS who will act and speak like the locals, then use these IMPOSTERS to weaken the country from within.

Take the case of FAKE Kenyan, Garissa County Women Representative Anab Subow Gure (as she calls herself on social media). In parliament, she is known as Gure Anab Mohamed. Her official parliament page has ZERO information about her. Education? BLANK. Work? BLANK...

Why is that?

Because she is an IMPOSTER. She is neither Kenyan, nor Somali. Yet, on paper, she is a citizen of Kenya, from Somali ethnic group.

I have studied this IMPOSTOR phenomenon extensively. From my analysis, the number of these IMPOSTERS residing in Kenya currently is between 1,000-5,000 people. However, most of them - around 90% - live in Mt Kenya and Nairobi regions.

Most of these IMPOSTORS are living in Kenyan villages and towns UNDETECTED.

From my analysis, some of these IMPOSTORS arrived in Kenya when they very young, between 16-20 years. Some even attended Kenyan high schools, probably lying during admission that they were younger than they really were.

It is important to note that, although some of them arrived in Kenya in their late teens, they had already been trained extensively about Kenyan culture and language(s).

Very likely that all of them were also trained on how to handle and use various weapons eg. knife, pistol, rifle etc.

For them to be able to live in Kenya undetected, they must have been trained about how to lie with a straight face.

Did Isaac Mwaura Fake His Past in Controversial Post?

By **MICHAEL MUSYOKA** on 26 September 2019 - 12:00 pm

They must have been taught about not how to hide emotions, but how not to have any emotions ie. to have no conscience.

None of these IMPOSTORS attended Standard 1 in a Kenyan Primary School. That is why you will not see any of these impostors giving their life history thus:

“I was born in Gituamba village in Githunguri on 5th December 1980. I joined Standard 1 in 1986 at Gituamba Primary school...” (something that can easily be checked)

Instead, they say: I was born in Githunguri...I was born in Mandera...That is, they give big geographical areas, so that you cannot pin them down and say, “I have a friend who was born in that village around that time...He says he never saw you, or heard about you or your family...”

Some of these IMPOSTERS are prolific posters on social media where they run multiple accounts. It is very difficult to identify them because they even speak local languages.

Their job is to mislead Kenyans. They use these social media handles to bully and intimidate patriotic Kenyans. Therefore, next time you advocate for a pro-Kenya policy, and you find yourself being bullied by dozens of users, don't give up - they may be the non-Kenyan IMPOSTORS.

Some of them may even be members of your WhatsApp groups. They dominate debate in these groups, and sway members to think that certain twisted beliefs are okay and popular among Kenyans.

IMAGINE: If all the known IMPOSTERS were rounded up one morning, taken to DCI headquarters, and told either to cooperate, or be sent back to where they came from!
